[Redacted]

SUBJECT: Contract FL-3011
Purchase Orders 86CB-75860 and 86BA-48921
Request for Approval

Dear Dan:

STAT

The subject purchase orders were noted in [Redacted] audit as not having received advance approval since they involved procurements of \$25,000. Attached are copies of these purchase orders as well as Amendment #2 to 86BA-48921 which describes the material ordered and the supplier.

Concerning justification please note the following:

(a) Purchase Order 86BA-48921 placed with Specialties, Inc. Specialties developed a very similar unit on an earlier order which was still in progress at the time this order was placed. Specialties was selected for the earlier order (86B-37235) on a competitive bid basis as follows: Photographic Products, Inc. quoted \$86,842.08; Librascope - \$120,000. and Specialties \$80,542.44. It was very desirable to have the same supplier develop this similar camera. Several castings and many components were common to both cameras. Specialties design on the first order was progressing and we were well satisfied with the service rendered.

(b) Purchase Order 86CB-75860 placed with Sylvania Elec. Prod. Co. This order was placed with this company because they are the only source of supply.

Microwave Assoc. indicated an interest of making an attempt to manufacture this Magnetron, but claimed they would begin a development program only upon receiving financial assistance from the Air Force. Such a program for microwave is under consideration now but approval has not been granted at this time.

It is requested that approval after the fact of these purchase orders be forwarded.

Very truly yours,

Sales Engineer
